

## SSP502-40V0 Compression-Deflection Data Flame Retardant Silicone Shielding Elastomer

SSP502-40V0 is a 40-durometer, very conductive, nickel-graphite, flame retardant EMI silicone that conforms to UL-94 V0. Use instead of GORE GS2100. Compression deflection is a measurement of the force required to compress a material a set amount.

### Notes

Testing performed according to ASTM D575 Method A.  
Values are representative and do not constitute a specification.
